

#1478

Sweet 125HP Electric Drive Screw Compressor

FOR IMMEDIATE SALE

#1478 Sweet 125HP Electric Drive Screw Compressor

Condition	Field Ready &/or Minor Repair
Manufactured	Toromont 1995
Location	Red Deer Area, Alberta
Registration	Alberta Only
Service	Sweet
Driver / Driven	Electric 125HP Westinghouse / Frick TDSH193S
Control Panel	Exacta PLC
Cooler Manufacturer	Air-X-Changer
Additional Notes	Compressor rated to 350psi and oil separator is rated for 245psi. Includes 3 lights, Fire eye, 2 gas detection heads and Ruffneck heating. This compressor has a good layout and when we took these pictures a couple years ago, the unit was in pretty nice shape considering its age. It was taken out of service at least 6-8 years ago and is sitting at a gas facility.
