

CJV#1947

95HP Natural Gas Screw Compressor

CJV#1947 95HP Electric Screw Compressor

Condition	Used
Manufactured	L.O.P. 2006
Location	West Central, AB
Registration	AB/BC/SK
Status / Availability	Connected, Gravel pad / 1 week
Service	Sweet
Driver	CAT 3304NA 95HP @ 1800RPM c/w Altronic Ignition 32,000 Hours; Preserved
Driven	Kobelco 16LV
Control Panel	Spartan, designed for sour service
Cooler Manufacturer	Air X 48VI
Air System	Comes with air start system for low pressure applications. Features 2 x 120 gallon air receivers, and a Tru-Flo air compressor making 19SCFM at 1800rpm. The air dryer is no longer in the unit. The entire air system can be removed for gas start instead.

Building	<p>One (1) Single man and One (1) double man door with windows One (1) Window ESD Buttons on exterior Perforated liner for sound attenuation as well as Gyproc for additional low dB sound suppression. Ridge Vent with internal sound suppression. Catadyne Heaters</p>
Building Dimensions	<p>11' W x 17' L x 9' Eave Height (26' OAL)</p>
Additional Notes	<p>“Super Hospital” Grade Muffler Inlet Controller Backpressure controller Waste oil tank and waste glycol tank (260L each) integral on outer skid rails Engine oil day tank Removable coalescer elements on inlet scrubber Fuel gas scrubber Oil Transfer Pump “Big Augie” auxiliary engine oil filtration/capacity for extended service intervals. Able to skip “the minors” and only s/d for “Majors” @ 1500hrs.</p>
